Wakesurfing is forever changed as we know it. Weight your boat evenly and create a long, glassy wave on either side. Switch from wakeboarding to wakesurfing in seconds — no more moving weight around. Malibu's *SURF GATE™* System (patent pending) is easily controlled by the driver's touch on our Malibu Touch Command screen. Gone are the days of listing the boat to one side and cramming your whole crew in the back corner. This is an innovation you will have to experience to believe. Available on all 2013 Wakesetters.

"There has never been an innovation so practical and user-friendly in wakesurfing. The possibilities are endless. The days of over-weighting one side of the boat are over for Malibu owners. SURF GATE has changed the face of wakesurfing and people are now able to ride and have fun like never before. Being able to transfer from wave-to-wave on the fly has literally doubled the amount of tricks that can be done." — Brian Grubb

Malibu's Director of Product
Design Danny Gasper saw a
need for convenience and
innovation to accommodate the
exploding activity of wakesurfing.
Hydrodynamics is a very technical
arena, which is usually best
conquered with trial and error.
Out of these countless hours
of experimentation, Malibu's SURF
GATE project was born. When the
port gate is extended, the
starboard wave cleans up,
and vice versa. Wakesurfing...
with the touch of your finger.

30TH ANNIVERSARY EDITIONS

Looking back at our accomplishments, Malibu is proud to celebrate our 30th Anniversary by offering customers a unique opportunity. These special editions are for those who want to own something special and stand out on the lake. Aligned with the symbolism of a 30th anniversary, an exclusive pearl metal flake is being offered only on 30th editions. Many thanks to our customers for being a huge part of our past...and future. Buyers of these special editions will also receive a commemorative gift package from Malibu, reflecting our 30th "Pearl Anniversary".

WAKESETTERSERIES

You live for glassy mornings and sunset sessions. You want that perfect, consistent wake for floaty airs and next-level wakesurfing. It's time to land new moves and be looking your best on the water.

WAKESETTER 20VTX

WAKESETTER 20VTX

THE ULTIMATE CROSSOVER IN 3D: SKI/WAKE/SURF

For 2013, the 20 VTX features a redesigned dash system that is the most user-friendly in the industry. Choose the removable center pylon and the Cut Diamond Hull and you will experience the soft flat wakes of the Response series. Don't let the boat's smaller stature trick you, the 20 VTX can fit up to 11 people and is loaded with power. Quickly add 1,250 pounds of hard-tank ballast and deploy the Power Wedge and discover perfect transitions for wakeboarding. Don't stop there, slow the boat down, and engage SURF GATE to build a long, glassy surf wave on either side. Crossover has never been so easy!

WAKESETTER 21VLX

WAKESETTER 21VLX

SHRED READY FOR PEAK RIDING PERFORMANCE

You want that perfect, meaty wake that gives you the same pop every time. For years, the 21 VLX has proven itself to be the boat of choice for families and pros alike. If you're looking for a boat that does everything well and delivers pro-caliber wakes, then a 21 VLX is in your future. With GPS cruise and sharper pre-sets than ever before, the 21 VLX is your ticket to pure riding enjoyment. Plug in your smart phone to crank your favorite playlist, and step off the boat with a full charge. Or opt for the latest in technology with our Mobile Device Gateway and Bluetooth your way to music and boat customization (available on all Wakesetters).

WAKESETTER 22 MXZTM

WAKESETTER 22 MXZ

OFFICIAL TOWBOAT OF THE RED BULL WAKE OPEN

After huge popularity in its debut season, the Wakesetter 22 MXZ is coming back strong for 2013. This 22-foot flagship kicks up a wake that pleases everyone from recreational riders all the way to top pros, including both the Queen and King of Wake, Amber Wing and Phil Soven. The 22 MXZ's bow space and main cabin are maximized to carry up to 15 people, and the modified-V hull slices thru double ups and rough water. No shake, no rattle, only power. People who want a great wake, performance and bow space are turning quickly toward the 22 MXZ. It's also diverse enough to be the choice of crossover riders like pro wakeskater/wakesurfer Brian Grubb. Add *SURF GATE* and experience one of the best wakesurfing waves in our lineup — on both sides.

WAKESETTER 25 LSV

SURF, SKATE AND WAKEBOARD IN STYLE, WITH ROOM TO SPARE

With its traditional bow and pushed-forward helm, the 23 LSV boasts a huge main cabin and delivers peak wakeboarding and wakesurfing performance. Lots of Malibu's pro riders turned to this trusty vessel, like Chad Sharpe and Brian Grubb, whose all-white and all-black 2011's won "Cleanest Whips on the Water" in TransWorld WAKEBOARDING's Sunday Funday Challenge. The editors said it best, "They had the best looking and most party-friendly boats on the water. The seating arrangements were perfect for hanging out...and their massive rear sundecks never lacked beautiful babes."

WAKESETTER 24 MXZ

WAKESETTER 24 MXZ

MAXIMIZE SPACE, MAXIMIZE WAKE, MAXIMIZE FUN

All-new for 2013, this boat flaunts the largest combination of bow and cockpit space in our lineup and kicks a monster wake and big wakesurf wave as well. Add 1,450 pounds of hard-tank ballast and drop the Power Wedge to experience it for yourself, while your crew sits deep in the most luxurious of interiors. Flip up the seat backs to experience our Wakeview™ seating and enjoy conveniences like the removable, full-size cooler. Most will opt for *SURF GATE*, to allow for long, clean waves on each side of your evenly weighted vessel. The 24 MXZ is great for big lakes and variable water conditions, and families will love the ability to load a big crew comfortably. Expect the same performance Malibu is known for, as this is the best performing 24-foot boat in its class. After the huge success of our 22 MXZ in 2012, the 24 is for those who want to maximize things.

WAKESETTER 247 LSV

WAKESETTER 247 LSV

WHEN IT'S TIME TO GO ALL IN

Everything you do, you do it big. When you hit the lake, you need lots of room, convenience and enough power to fly out of the hole. As the largest boat in the Wakesetter fleet, the 247 LSV gives you all that as well as clean, poppy wakes and perfect, long, rolling wakesurf waves. After the sun goes down, the 247 LSV comes alive. With theater-style interior LED lighting, and a pumping sound system, your summer nights will be hotter than ever. That's why Jake Owen used his 247 LSV for the filming of his No. 1 hit video, "Barefoot Blue Jean Night."

RIDESERIES

You like the "classic Malibu" wake and might not need or want all the new bells and whistles. You love the thought of a brand new boat and you want the Malibu performance and responsiveness, but you are on a limited budget. There's a reason these previous Wakesetters are still in our line and that reason is you.

21 RIDE

21&23 RIDE

PROVEN PERFORMANCE, FRIENDLY PRICE

New for 2013, the RIDE comes standard with HI FLO pumps and hoses, which fill and drain your hard tank ballast quicker than ever before. Some of our customers like the timeless, classic hull design of the RIDE. Ask legendary ambassador Cobe Mikacich, who runs his 21 RIDE every day teaching lessons in Orlando with his wife, Tarah Mikacich. "This boat was perfect when it came out years ago, and today it's still totally legit," Cobe said. "Some days we'll spend 10 hours in the boat with riders of all levels, and the 21 RIDE does everything we need it to, consistently." With the 23 RIDE, you're getting a bigger boat at a great value. Either way, it's a win-win.

21 RIDE: Length 21.6'/6.55m Beam 98"/2.49m Draft 24"/0.61m Capacity 13 persons Fuel 48 gal./182L Weight 3500lbs./1588k 23 RIDE: Length 23'/7.01m Beam 100"/2.54m Draft 27"/0.69m Capacity 15 persons Fuel 56 gal./212L Weight 3900lbs./1769k

RESPONSESERIES

Now responsible for 19 world records, the Response series of direct-drive towboats combine the traditional layout of a ski boat with all the innovation and performance you expect from Malibu.

RESPONSETXi

RESPONSE

CHAMPION TESTED. WORLD RECORDS DELIVERED.

This modern hull tracks on a rail and helps the skier feel connected to the boat at all times. Less than two months after the new Response TXi was released at the 2011 Malibu Open in August, Regina Jaquess set a new women's world record of 2 buoys at 41 off — a true testament to the TXi's design. She then went on to break her own record two more times, raising the bar to 3 buoys at 41 off. "When you make your edge change behind the TXi, you gain so much free time," Regina said. "It helps you swing and really maximize every inch of the course."

RESPONSE & RESPONSE LX

STAYING THE COURSE

The functionally simple Response delivers flat wakes and world-class performance. The driver has more ability than ever before with fingertip controls, while skiers love the traditional interior designed to maximize comfort and usable storage. With a closed bow design, this boat means business. If you're looking for an open-bow, go for the Response LX. This hull has proven itself over and over and has stood the test of time.

Since 1982, innovation has been the cornerstone of Malibu Boats. We are the only manufacturer to offer hull choices based on which activities you prefer. Malibu's performance hulls are individually optimized for peak performance on both ends of the watersports spectrum. Malibu's wake hull kicks up the best wakeboarding wake you will find. Looking for more versatility? Go with the Diamond or Cut Diamond hulls to accommodate slalom and other towed disciplines. New for 2013, customers can opt for the latest in technology with Mobile Device Gateway — Bluetooth technology that allows you to control audio and rider presets from your smart phone with the Perfect-Pull App. Our progressive nature and attention to detail has generated 19 "Boat of the Year" awards and 31 Product Excellence awards. Here are some industry firsts that Malibu is proud of: FIRST EVER

- Swivel head pylon Venturi speedometer pickups Wedge & Power Wedge™ systems Forward-sweeping and assisted fold-down towers Gorilla Fins on V-drives
- MaliView 6.5" digital screen Swim platform "fin saver" Quad hard tank ballast system Rider presets Pull up pylon Hand-wrapped dashes Patented Fiberglass Engine Chassis System (FibECS) SURF GATE system

There's a difference between buying the most expensive and buying the best. We keep our overhead low and invest in the factory, not extraneous projects that distract us from building the best boats in the world. We don't build boats the easy way, we build them the best way, the right way. We don't go the extra mile in customer service because it's easy, we do it because it directly benefits our customers. Enjoy the workplace. Give your owners the best value. Since Malibu's inception, the mission has been this simple. From humble beginnings, where Malibu built 100 custom ski boats in a small shop, to our standing as the world's No. 1 manufacturer of watersports towboats, Malibu has become an exemplary American boat company.

CHOOSE FROM THE FOLLOWING MOTORS IN THE MONSOON LINEUP:

Monsoon 330HP 5.7L CAT

Monsoon 350HP 5.7L CAT

Monsoon 410HP 409/L96 6.0L CAT (Chrome 30th available)

Monsoon 450HP 427/LS3 6.2L CAT

Monsoon 555HP 572/LSA 6.2L Non CAT (supercharged)

Talk to your dealer about what you plan to do on the water, and let the right engine and precision-machined propeller do all the work.

Nothing says "Malibu" more than the eye-catching, modern look of our forward-sweeping, Illusion G3 tower. Malibu is the only company that manufactures its own towers, which allows innovation and quality at a best possible value to our customers.

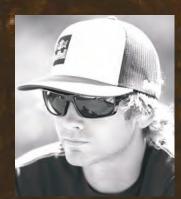

One person can easily lower the tower below the windshield with its weightless, gas spring-assisted design. Accent your tower with speakers, lights and mirror and keep your wakeboards and wakesurfers out of the way with a tower that accommodates up to four racks. You can also add the G3 oversized bimini or the Z5 Cargo Rack to protect yourself from those long days in the sun.

SKI

There are plenty of riders and skiers out there who rip. But the athletes in the Malibu family need more than just talent. They're fun to have on the boat, have no attitude and are always quick to help others become better. These people represent our brand in the best possible way and inspire us to continue building the best boats in the world.

RED BULL WAKE OPEN

From July 12-14, 2012, history was made as the best riders in the world competed in a progressive format to determine "The Best Wakeboarder on the Planet." This three-day event featured divisions for Boat, Big Air and Park competition, with the Boat event towed by the Wakesetter 22 MXZ. An innovative judging format required big-time moves, with several riders landing wake-to-wake heelside 900s and stylish airs way into the flats.

Malibu's Raphael Derome won the overall title, with a 3rd in Boat, 1st in Big Air and 2nd in Park. His versatile riding with top-level skills off the wake, kickers and rails had few people doubting that he is currently the best all-around wakeboarder in the world.

All the madness was filmed with the highest-quality cameras in the world and aired on NBC for two hours as part of the Red Bull Signature Series, hosted by Sal Masekela.

JONTHE MALIBU

Malibu owners become part of a loyal family who interact with each other, share ideas and spend time in the most beautiful settings on earth. Owners' forums, social media and customer service helps you to maximize your go-time on the water with no worries.

CLUB MALIBU

The culture of Malibu Boats is a family environment that has grown immensely in recent years. Any Malibu owner can join Club Malibu for a \$50 registration fee and will receive a membership kit full of exclusive merchandise.

CLUB MALIBU BENEFITS

Club Malibu windshield decal

Club Malibu boat owners' T-shirt

&MalibuBoats

[1] G3 Wet Sounds Alpha Tower Speakers: With Alpha style enclosures, optional 6x9 Wet Sounds tower speakers benefit from a cone woofer with polyurethane surround for phenomenal sound.

[2] G3 Tower Mirror: Optional PTMEdge VR140 rearview mirror has high-definition, prescription-grade optics and features a 140-degree field of view within an aluminum billet housing.

[3] G3 Alpha Light: Malibu Alpha Lights share the Alpha accessory look loaded with a 55-watt halogen light. Available in sets of 4 on the G3 tower.

[4] Rockford Fosgate® M2 12" Subwoofer: Designed for free air/infinite baffle applications. UV and moisture resistant.

[5] HD Flo-cam: This rear-view rider camera system works with Malibu's swivel-head G3 tower pylon to follow the athlete in tow and adjusts to your water sport of choice. Footage is viewable live or recorded through the MaliView Dash System.

[6] Fiberglass Swim Step: Malibu fiberglass swim platforms have been designed to eliminate maintenance associated with wood platforms. Standard on all models.

[7] Rear MUX Switches: Passengers can control interior lighting, stereo, rider presets and more from the backseat. Available in most Wakesetters.

[8] MaliView: Presents critical boat system information on a large 6.5" graphical color hard-coated anti-reflective screen. Cruise control, Rider Presets, Power Wedge position, stereo controls and ballast levels as well as video, both saved and live, are just some of MaliView's features.

[9] Snap Out Carpet: Choose the versatility of our Wet Tek fiberglass floor with removable carpet or optional Aqua Fusion mat. Aqua Fusion (pictured) offers less water and heat retention as well as superior durability in saltwater environments.

[10] Pull-up Cleat: Malibu-branded custom pull-up cleats are available for any Malibu boat to provide convenient tiedown locations.

[11] Illusion G3 Oversized Bimini: 82" oversized to provide the most shade possible.

[12] Swimstep Lights: Optional bright white lights can be mounted on the transom beneath the swimstep. Each of the two lights contain 9 LEDs rated at 1600 lumens.

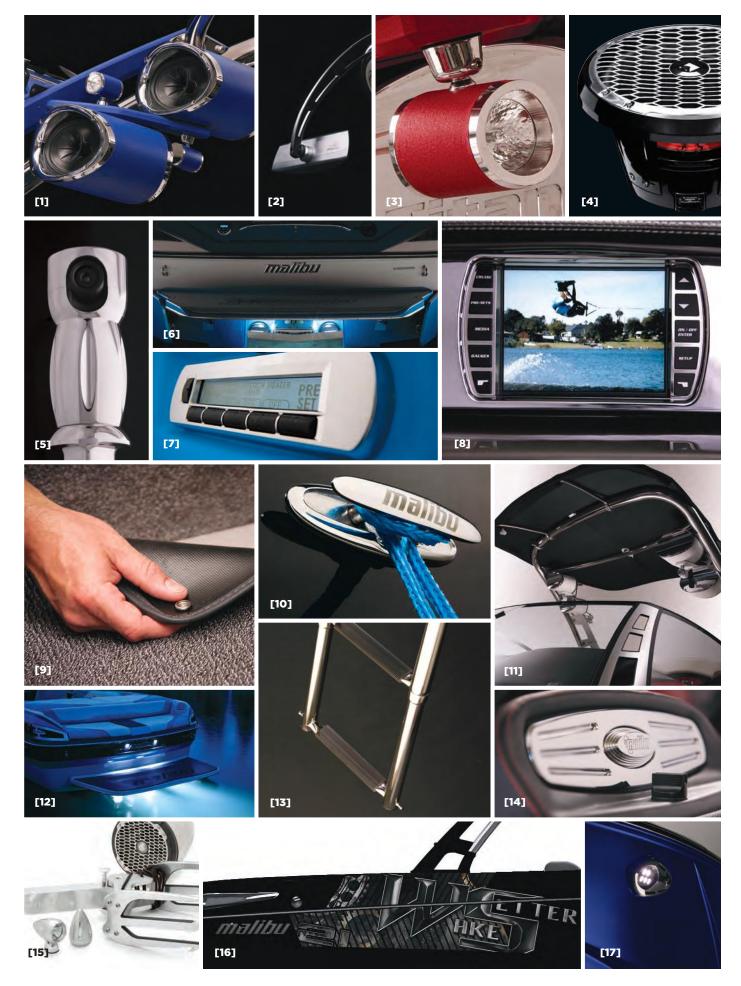

[13] Ladder: Malibu's retractable swimstep ladder is a family-friendly option that makes the trip from the water to the swimstep effortless and safe.

[14] Stainless Glove Box Door: Our stainless steel glove box door is as beautiful as it is durable. Perfect for an extreme marine environment.

[15] G3 SRP Tower Accessories: Malibu offers a number of tower accessories for use in extreme saltwater environments, including salt-resistant board racks, speakers, lights and knobs.

[16] Optional Aggressive Wakesetter Graphic: Gives your Malibu the custom look of a wrap with edgy artwork that extends above the rubrail and across a large portion of the hull. Available on all Wakesetters.

[17] Docking Lights: Optional docking lights feature 18 bright white LEDs to emit an "X" shaped beam of light. Expands the visible area and consumes much less power than a traditional halogen light

[18] Illusion G3 Gas Spring-Assisted Tower: Solid foundation of billet aluminum bases and billet tower support wings back the 3" stainless steel hoop; with weightless fold down. Comes with a pair of G3 Spinner Racks with combo wakeboard and surf forks.

[19] Colored Illusion G3: Now available in white, regal, dark blue and charcoal. Malibu G3 Tower accessories like lights, speakers and mirrors can also be colored to match.

[20] Driver's Seat Heater: Keep the driver warm and comfortable. Available on all models.

[21] Rockford Fosgate® M2 Full-Range Speakers: Found only in a Malibu. Perfect for anyone looking to add some PUNCH to their boat. UV- and moisture-resistant to assure great performance in harsh marine environments. Available in an 8" size in the 247 LSV and MXZ series.

[22] Carpet Saver: Maintain the beauty of your boat's carpeting by installing a Malibu Carpet Saver, custom fit for each Malibu Boat.

[23] G3 Titan Malibu Spinner Racks: Built to accept wake and surf boards, these racks swivel for easy access and quickly slide off their tower mounts for storage.

[24] Patented Power Wedge: With a stainless steel reverse hydrofoil design, the Power Wedge generates 400 to 1200 pounds of displacement and changes the shape of the wake along with the size.

[25] G3 Titan Malibu Ski Rack: Accommodates two slalom skis with easy-access bungeed forks to free up storage areas onboard. Port/starboard or both available.

[26] Optional tower knobs make the Illusion G3 "weightless" tower collapse even faster and easier.

[27] Trailers: Turn heads at the boat ramp with custom metallic paint, matching your boat's color scheme.

[28] STE Exhaust Tips: STE Exhaust Tips are built with specially designed baffles to reduce engine noise without any degradation in performance.

[29] Malibu-Rockford Fosgate Sound System: Exclusive to Malibu Boats, this "Black Box" system includes a 4-gig pocket drive. This system also offers 45x4 watts of power, an AM/ FM tuner, a touchscreen-style display, iPod/iPhone control, an MP3 auxiliary input and Sirius compatibility.

[30] Wakesetter Snap Out Carpet: Available for any Wakesetter with a Wet Tek Fiberglass Floor. This carpet option sports a "WS" inlay to add to the wakeboarding theme of your boat.

[31] Z5 Cargo Rack: The patent-pending design of the Z5 Cargo Rack gives you more room in the boat by getting equipment up and out of the way. That means there is room for more friends to ride comfortably.

[32] Sport Seating: Swiveling captain's chair on the observer's side offers the option of facing forward or back. Optional seat comes with a flip-up bolster and automotive-style lumbar. Available on traditional style Wakesetters.

[33] G3 Alpha II Tower Speakers: Designed for a custom look and superior sound. Load your G3 tower with as many as four 6x9s.

[34] Oversized Stainless Steel Cup Holders: Built to withstand the rigors of marine use and easy to keep clean.

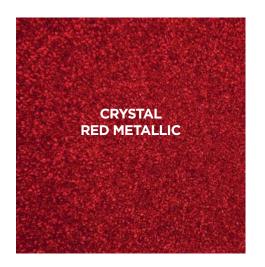

[35] Mobile Device Gateway: The Mobile Device Gateway connects the boat's dash to your mobile device via Bluetooth. Allows for the streaming of music and uploading of rider presets thru the free Perfect-Pull app.

OPTIONS Use your imagination to create the boat of your dreams.

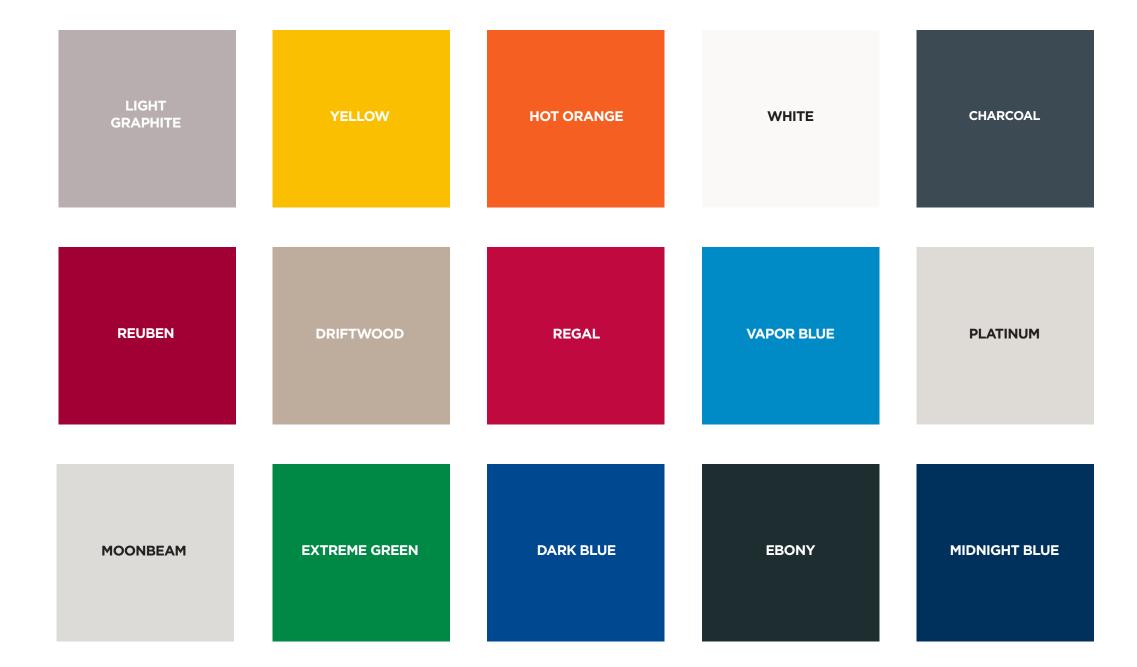

METALLICS

Accent the hull with metal flake and build a boat that fits your personality. This is your chance to be unique on the water and have a look all to yourself. Two-tone trailer with metallic steps and fenders, optional on every model.

SOLIDS

THE #1 WATERSPORTS TOWBOAT IN THE WORLD
